How to use Thai Baht to buy USDT coins from Binance by P2P method

How to use Thai Baht to buy USDT coins via P2P from Binance web trading site

Step 1

- Enter Binance Application
- Enter More

Step 2

- Enter P2P

How to use Thai Baht to buy USDT coins via P2P from Binance web trading site

Step 3

- Select the store where you want to buy USDT coins.
- Criteria for determining the choice of a reliable store See sections 3.4, 3.5.

- 3.1 Select THB
- 3.2 Select Buy
- 3.3 Select USDT
- 3.4 Select a store with more than 99% of successful transaction %
- 3.5 Choose the number of coins available sufficiently with our purchase.
- 3.6 Press Buy

How to use Thai Baht to buy USDT coins via P2P from Binance web trading site

Step 4

- Enter the amount of Baht you want to buy USDT.
- Press Buy with 0 Fee

Step 5

- Select Payment Method as Bank Transfer.
- Press Make Payment.

How to use Thai Baht to buy USDT coins via P2P from Binance web trading site

The screenshot shows a mobile app interface for a P2P transaction. At the top, the amount '฿89,084.00' is highlighted with a red box and labeled '6.1'. Below it, a 'Chat' button is highlighted with a red box and labeled '6.5'. The main form is titled 'Bank Transfer' and contains the following fields:

- 'Name' field with the value 'AUNG NAING 00' highlighted by a red box and labeled '6.2'.
- 'Bank account number' field with the value 'Account No.: "042-11159-15" // Account Name: "SFC Excellence Co., Ltd." //' highlighted by a red box and labeled '6.3'.
- 'Bank name' field with the value 'Kasikorn Bank' highlighted by a red box and labeled '6.4'.

Below the form, there are two instructions:

- 1 Leave the Binance app, open your own banking or payment platform to transfer the funds to the seller's account provided below.
Do not include any crypto related words (e.g. Crypto, BTC) in the description of your payment transfer.
- 2 After transferring the funds, click on the "Transferred, notify seller" button below.
If you do not click on the button, the order will be cancelled and you might lose your funds.

At the bottom of the screen, a yellow button labeled 'Transferred, notify seller' is highlighted with a red box and labeled '6.6'. A 'Help' button is also visible to its left.

Step 6

- Make a mobile banking transfer based on the information as shown.

- 6.1 Copy the amount transferred
- 6.2 Transferee's name
- 6.3 Transferee account number
- 6.4 Transferee Bank
- 6.5 Press Chat and send the money transfer slip to the store.
- 6.6 Press Transferred once the transfer has been made.

**** This step is important, please read carefully.**

How to use Thai Baht to buy USDT coins via P2P from Binance web trading site

Step 7

- Select " I Have Transferred "
- Wait for USDT coins to appear in the wallet for about 1-5 minutes.

How to transfer JK coins from MetaMask to Exchange
